

DISPOSABLE HAIR CAPS

TECHNICAL DATA SHEET

PRODUCT INFORMATION

This disposable laboratory hair cap is designed for effective protection in professional environments. Made from a breathable spun-bond non-woven fabric of polypropylene (PP), it ensures air permeability for comfort during extended use.

The cap is blue, latex-free, non-sterile, and features an elastic band that can stretch to an opening of at least 54 cm, providing a secure and comfortable fit. This hair cap is an ideal choice for maintaining hygiene in laboratory settings.

DESCRIPTION

Disposable hair cap made from breathable material ensuring comfort during extended use.
